

**INFRASTRUCTURE, TECHNOLOGY, TRANSPORTATION,  
AND SUSTAINABILITY (ITTS)  
COMMITTEE MEETING  
Tuesday, January 20, 2026  
immediately following the Parks and  
Recreation Committee which starts at 6:00 pm.**

**MINUTES**

Committee: Chairperson, Mr. Weiss, Mrs. McGhee, and Mr. Moore  
Staff: Mr. Krack, Mr. Watson, and Ms. Getzfread

I. Call to Order at 6:31 pm

II. Public Comment on Non-Agenda Items

There were no public comments.

III. Committee Member Updates/Discussions

Ms. McGhee introduced as the newest Councilperson on the Committee.

IV. New Business

There was no business.

V. Infrastructure

A. Engineering Reports (Jan, Apr, Jul, Oct only)

Mr. Weiss acknowledged receipt of the reports and asked if there were any questions. There were none.

B. Stormwater Management

Mr. Krack reported there has been no updates from the Commonwealth on any grant awards to date.

C. Phoenix Wheel

Mr. Krack reported Staff has set a Ribbon Cutting for Saturday, June 6, 2026 at 10:00 am. More information will follow. Work continues to progress on the installation with expectation the project will be completed by end of April.

D. Borough Properties and Habitat for Humanity

Mr. Krack reported he has an upcoming meeting with Habitat as it relates to the review of the project and the preparation of documents needed to transfer the two properties from the Borough to Habitat.

VI. Transportation

A. Bridge and Starr Street

Mr. Krack reported all grant contracts have been received and all PennDOT permits have been approved. Staff will meet with the Borough Engineer later in the week to finalize documents in preparation of bid documents with expectation of awarding the project contract at the April borough Council Meeting.

B. Paradise Street – Phase 2

Mr. Krack reported the grant contract is being prepared and all PennDOT permits have been approved. The Borough Engineer expects to finalize documents in preparation of bid documents with expectation of awarding the project contract at the April borough Council Meeting.

C. Bridge and Nutt – 23 Corridor Improvements

Mr. Watson reported the signalization phase of the project is ongoing. He expects the construction activity will occur once the weather breaks in the spring.

D. Trails – Fillmore Street Tunnel Inspection

Mr. Krack provided a summary of the engineer's report and that no action is necessary at this time. The Borough Engineer recommends continuing to monitor and report every two years.

E. Starr Street (SR 0029) and 2nd Avenue Project

Mr. Krack reported the engineer has started the topography review to assess water flow into the area as needed for the design and engineering of the project.

F. No Right Turn on Red in Downtown.

Mr. Krack reported the police department had provided crash data to the engineer earlier in the week.

G. Crosswalks at St Mary's Street and Dayton Avenue.

Mr. Krack reported Staff has prepared an ordinance to establish all-way stop signs at the intersection. Mr. Watson reported he is waiting for proposals for the construction of the needed ADA ramps.

VII. Sustainability

A. PXVNEO

Mr. Watson reported the concrete slab was installed and that other preparatory work was being done. He stated the equipment was now enroute from overseas but no specific delivery time has been provided.

B. Solar Installation - Rec Center

Mr. Krack reported the engineer has provided a request for qualifications and that Staff is working with the County with regard to the needed grant contract. Staff expects the project will start in the spring.

VIII. Technology Updates

A. Monthly Reports

Mr. Weiss acknowledged receipt of the reports and asked if there were any questions. There were none.

B. Review new GIS Maps

Mr. Krack reported there has been numerous updates to the maps and encouraged committee members to look at them and provide any feedback.

IX. Public Comment

Mr. Saneck asked what the status was of the Fillmore Street relocation project. Mr. Krack stated the Borough did not receive the grant it was seeking and that the project would likely stop at this time. He stated Staff will look at the possibility of doing a mill and overlay project for the portion of the street between Franklin Avenue and South Street.

Sally Doyle noted the Green Team was working on a date for cleanup opportunities.

X. Adjournment at 7:19 pm by Ms. McGhee.

Next Meeting Date: Tuesday, February 17, 2026, immediately following the Parks and Recreation Committee which starts at 6:00 pm.
